LIMIT OF LIABILITY

The Animal Owner/Manager will be taken as having acknowledged that a single test does not permit the result to be treated as 100% free of error in every case; and the Animal Owner/Manager therefore accepts that the SAC Commercial Ltd's maximum liability to the Customer for loss or damage arising from an inaccurate Report based upon a single test shall be limited to £1,000. If the customer intends to use a Report for a tested animal in a substantial breeding programme, or for any reason requires the SAC Commercial Ltd's maximum liability to exceed the said limit, the Animal Owner/Manager must first obtain from SAC Commercial Ltd special terms in writing, which may include (i) a corroborative test (ii) a price above that which would normally apply. Any claim must be brought within the territorial limits of the UK and Eire. I agree to "SAC Commercial Limited and SRUC Standard Terms and Conditions of Contract"

***Signed (Animal Owner/Manager) :** _____
