## FOREWORD

The Sandyknowe flock was originally founded at Fans in 1957 by Tom Stewart, Malcolm Stewart's grandfather. It was moved to Mellerstain Home Farm Under the management of Tom Stewart, Malcolm's father in 1963. Then in 1973 it was moved to Sandyknowe Farm, before moving to Brotherstone Farm in 2000 under Malcom's management.

The original gimmers were purchased at the St. Boswells Suffolk sale in 1956 from Messrs J Walton, Messrs Pyle of St. Cuthbert's, Messrs Allan at Barnhill, and Mrs H Manderson at Belville. From the outset the aim of the flock was to produce rams with commercial traits. The flock was one of the early pioneers of signet recording in the late 1960's. The decision was then taken in the early 1980's to close the flock, dividing the flock into five families, with the best ram lambs in flock one being used into flock two and so on, thus enabling us to have complete control of the genetics of the flock. The flock has always been managed under commercial conditions. Also, the flock was also one of the first to ultrasound scanning. The flock was moved to outside lambing in 2013, thus ensuring only the lambs with the strongest birth vigour and survivability were selected for breeding.

The flock has enjoyed many successes at winter fat stock shows, winning the Winter Fair twice, Countryside Live once and The Native Sire Champions at The Royal Smithfield Show on several occasions, along with many other prizes in the Native Sire classes.
