Feed lambs efficiently from 3 months old with **SUPERGOLD INTENSIVE LAMB BLEND**

Feed lambs efficiently from 3 months old with Bibby's SuperGold Intensive Lamb Blend with Actisaf®. With 16% protein, SuperGold is formulated to maximise daily liveweight gain and ensure a high quality carcass.

High quality, slow release starches from Maize, Oats and Wheat are carefully balanced with Hi-Pro Soya, Sugar Beet pellets and Distillers' Grains to form the base of the feed, with added ammonium chloride and FeMoSCa to reduce the risk of urinary calculi and inhibit the absorption of copper.

High rates of Actisaf® Live Yeast work to:

- Promote rumen development
- Stabilise rumen pH
- Stimulate the development of gut microflora
- Maintain high intakes and optimise daily live weight gain.

Not all yeasts are created equal, that's why Bibby chooses Actisaf®.
