16.1 The provisions contained in this Bye-Law 16 and Bye-Law 17 applies to all sales which are held, organised, sponsored or authorised by the Society (“Society Sales”).

16.2 Society Sales shall be held, organised, sponsored or authorised as the Council may from time to time determine.

16.3 No Branch or Branch Committee shall advertise a Branch Sale as being a Society Sale which has not been sponsored or authorised by the Council.

16.9 The Society’s National Sale Committee or the Branch Committee (as the case may be) has an absolute and unfettered discretion as to the total number of ram lambs, shearling rams, ewe lambs, and shearling ewes permitted to be included in any Society Sale and the maximum number of ram lambs and/or shearling rams and/or ewe lambs and/or shearling ewes which any Member may consign to the Society Sale.

16.10 The Society’s National Sale Committee or the Branch Committee (as the case may be) shall appoint auctioneers for the purpose of the Society sale, and will cause the appointed auctioneers to advertise and invite entries for the Society Sale approximately two months before the sale date. 16.25 Each member is personally responsible for the correctness of all information provided by the member regarding the health or status of any sheep and the Society is not liable for any errors, intentional or otherwise, with regard to information provided by the member regarding the health or status of any sheep.

16.26 Subject to the provisions of this Bye-Law 16 all disputes or differences of any kind which arise at or in relation to the auction, whether between a seller and a buyer or amongst bidders or otherwise shall be referred to the auctioneer and their decision shall be final and binding on all parties.

- 15 **FLOCK DISPERSAL** – In prior agreement with the society, a full flock dispersal can take place on the same day as a Society sale, but not as part of the main sale and must be catalogued in a separate publication; There can be one dispersal sale only per flock and no further sheep can be registered for the flock once a dispersal sale has taken place. - + Valuable health information (see table below)
- + More accurate performance figures, particularly in young lambs
- + Greater confidence when selecting future breeding stock
- + Faster genetic progress in commercially important traits
- + Trusted information that adds value for potential buyers

ET donors (born from 2025-onwards) and males to be registered must be genotyped otherwise their progeny will not be able to be added to iTexel.

All other stock can be genotyped to provide more flock insights. DNA kits can be requested for any animal as soon as it has been added to iTexel.

Seller Comments: By 1900gns Premier Hulk and out of Ettrick Fancy Lass who we purchased for 3000gns as a ewe lamb. We kept Jackflash as a ram lamb to use as we thought a lot of him. We were so pleased with his first crop of lambs that we kept him again to use as a shearling. He has left us some super females in the flock and a very smart crop of rams.
